COUNTER PROPOSALS FOR GERMANY

(By Associated Press)
Paris, June 12.—There was increasing belief in peace conference circles today that the reply to the German counter proposals would not be ready for delivery before late Saturday night. Five days have been definitely fixed as the limit within which the Germans must decide upon their course. The reply to the counter proposals, according to French conference sources, agrees to a plebiscite in upper Silesia subject to certain clearly defined conditions.

NEW GOVERNMENT FOR AUSTRIA

(By Associated Press)
London, June 12.—A Communist government will be proclaimed in Austria on Sunday, with promise of immediate success, according to information in government circles here. The best information indicates that about 40 per cent of the Austrian army is Bolshevik. The Communists are expected quickly to align themselves with the Hungarian Communists, whose recent military successes are considered to have strengthened them. The Austro-Hungarian situation as a whole is viewed here as decidedly serious.

PEACE LEAK PROBE A FIZZLE

(By Associated Press)
Washington, June 12.—With the investigation of how treaty copies reached New York brought to a standstill almost as soon as it started, the Senate today again turned its attention to the more direct issues involved in the league of nations fight. The Foreign Relations Committee took up the resolution of Senator Knox, Republican, of Pennsylvania, proposing that the Senate declare in definite terms its stand regarding the league covenant. The general prediction was that the resolution would be reported to the Senate during the day. Action must go over under the rules, however, until tomorrow when Senator Knox expects to begin an effort to bring it to a vote.

BROKER OPERATORS TO STRIKE

Chicago, June 12.—In the face of statements by officials of the commercial telegraph companies that the nation-wide strike of operators had failed, S. J. Koenigsmann, International President of the Commercial Telegraphers' Union announced that assurance had been given that the New York broker operators, some 3500 strong, would join the strike.

German Army Prepares For Allied Advance--Bolsheviki Peril Alarms Peace Delegates--Austria Totters--Situation in Europe More Gloomy Than Ever

BIG STEAMER SAVED FROM SINKING

(By Associated Press)
New York, June 12.—The transport Graf Waldersee, formerly one of the crack liners of the Hamburg-American line, which was rammed last night by the steamship Hedondo, was beached shortly after 11 o'clock this forenoon on the sands of Long Beach, Long Island. She was saved from sinking in deep water by the steamer Patricia which came to her rescue at the scene of the collision off Fire Island about 11 o'clock last night and with the assistance of wrecking tugs took her in tow and raced for shore. The transport touched bottom directly opposite the fashionable summer colony at Long Beach.

(By Associated Press)
There is an evident impression in Paris that the allied reply to the German counter proposals will refuse the German request for immediate alterations in the terms of peace. While the Council of Four probably will explain the provisions of the treaty and may grant some minor concessions, it appears there are to be no changes which will materially lighten the burden placed on the enemy by the treaty as presented on May 7th.

A dispatch from Cologne tells of the Germans withdrawing all material from territories east of the allied bridge heads and says that armed German forces also have retired a considerable distance east of the ground held by the allies on the east bank of the Rhine. That there is a disposition on the part of the German civilian population to be prepared for an allied advance into Germany is indicated.

The menace of Bolshevism in central Europe has again assumed proportions

which cause concern in peace conference circles. The successes of the Hungarian Soviet army against the Czech-Slovak, the military reverses suffered by the Kalchak forces in Southern Russia and the danger of Austria passing under Bolshevik control have brought matters to a critical stage.

Poland, hemmed in by Bolshevism on the east and south and hard pressed by the Germans on the west, is said also to be potentially threatened from the direction of Austria. Advances from Paris indicate that the peace conference has decided to back up the demand made upon Hsin Kung by M. Clemenceau, president of the conference, who wired the Hungarian Soviet government's foreign minister to cease hostilities against the Czech-Slovaks.

Formation of a centralized organization for the control of international economic affairs during the period of reconstruction after the war is being started by the Council of Four.

STEAMER YANKEE SINKS OFF N. Y.

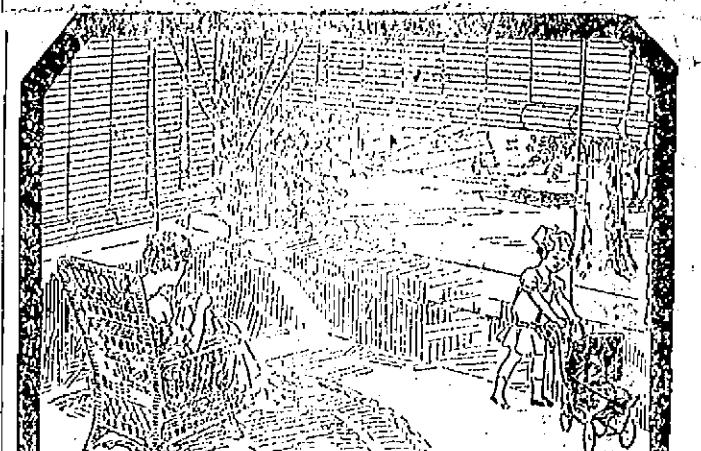

(By Associated Press)
New York, June 12.—The steamer Yankee, operated by the U. S. Shipping board, sunk early today off Fire Island after having been in collision with the Italian steamer Argentina late last night. The crew of the Yankee was taken on board the Argentina.

THE WEATHER

Washington, June 12.—Fair tonight and Friday. Moderate northeast winds except fresh over extreme southeast portion.

BOTH SIDES SATISFIED WITH STRIKE

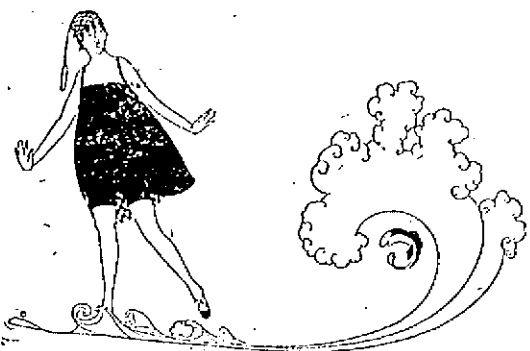

(By Associated Press)
Chicago, June 12.—Both sides concerned in the nation-wide strike of members of the Commercial Telegraphers' Union of America today expressed satisfaction over the first day's results. Officials of the Western Union and Postal Telegraph Companies said the strike which is only 21 hours old, was "practically at an end," while S. J. Koenigsmann, International President of the Telegraphers' Union, declared that between 10,000 and 20,000 operators throughout the country had quit work yesterday in response to his call for a strike and that before the day is over several thousand more would walk out.

We are pleased to announce that we have obtained for this city the exclusive sale of the Nationally known and Nationally favored

Wirthmor and Welworth Waists
—After a very careful investigation we have arranged to distribute these two nationally-known and nationally-favored lines of Waists in this city. Before deciding on this step we learned the Wirthmor and Welworth Waists were being handled by many of the best stores in America; that they had attained through their unvarying excellence a nation-wide popularity; that because of the unique Wirthmor Plan under which they are made and sold that they always represented the highest possible standard of value in popular price Blouses; and further because of this very unusual method of making and selling Waists we would be able to show the new and wanted styles first, in many instances long in advance of their appearance in the market generally.
These are America's only known priced Waists, and they are sold at the same low prices the nation over.

NAVAL BILL CARRYING OVER SIX HUNDRED MILLION REPORTED

(By Associated Press)
Washington, June 12.—As reported to the House today the 1920 Naval Appropriation bill carries a total of \$601,500,000, a decrease of \$375,000,000 from the estimates submitted by Secretary Daniels, and \$120,000,000 less than the amount carried in the bill as it passed the House last session. One of the principal items is an appropriation of \$133,000,000 for continued construction of the 1916 building program. No new construction is authorized. The bill provides for a temporary enlisted strength of 211,000 men until Oct. 1 with a permanent increase in pay for enlisted men from \$17.50 to \$22.50 per month. The authorized number of enlisted men in the Marine Corps is temporarily increased from 17,400 to 27,400 to enable the force of 10,000 to be retained for duty in Europe. The measure will be considered by the House tomorrow.

ENJOYED OUTING IN PINES
The Intermediate Christian Endeavor society of the Baptist church to the number of eighteen enjoyed an outing and picnic supper Wednesday afternoon in the Pines off South street.

Mrs. Sidney Boyd and Miss Pearl Holt, chaperoned the party and the young folks much enjoyed the outing, the weather being ideal. The return home was made at dusk.

INDIVIDUALITY!

Do you realize how much this is emphasized by the hats you wear? Be assured of their correctness! We are positively vain about the new hats! Who wouldn't be? On every hand we hear praise—"the smartest hats to be found anywhere." To see them is to fall in love with them yourself.

HELP THE BOY SCOUTS

Joining hands with the President, Mr. McAdoo, and thousands of prominent men and women throughout the country, Douglas Fairbanks and Charlie Chaplin, movie stars extraordinary, are telling millions of people everywhere why they ought to back the Boy Scouts of America in their campaign for 1,000,000 associate members.

"Doug," as everybody knows, is a big kid, anyway, and "Charlie," well, he'll never grow up—so they've both got a lot in common with the red-blooded young Americans who are being trained for future citizenship through the big Scouting Movement. Hence, it was but natural when they heard of the drive for membership, that the two big-hearted stars should have pitched in and paved the way for their followings by first becoming associate members themselves and then giving a stunt in which they both appear with National Field Scout Commissioners, H. D. Crook and a bunch of scouts out in the Land of Plumas at Hollywood.

Doing direct, Charlie, and then the comedian directs the screen athletes, and both of them are directed by the intrepid which, after the movie's heart in the interest of boyhood.

"We're out for a million associate members," they said in one voice as the last strip of film was being run through the projecting machine at their studios on the coast.

And if laughs will bring dollars, the Boy Scout Movement ought to become the biggest in the world, for the Chaplin-Fairbanks scout film is a side splitter.

TRADES TO DEMAND \$1 AND 40-HOUR WEEK

Boston, June 11.—Demands for a 40-hour week, and pay of \$1 an hour were presented by 23 delegates, representing the different branches of the building trades, to 21 delegates representing the employers, at the conference called by Mayor Peters in the old aldermanic chamber, City Hall, today, in an endeavor to settle the labor troubles which are threatening to hold up the building boom which Boston has been enjoying.

The employers, headed by Parker T. Stone and Charles Logue, president and vice-president respectively of the Building Trades Employers' Association, indicated that the extreme demands of the employees could not be granted but a conciliatory spirit was in the air, and both sides hoped that something might be accomplished by arbitration.

BRADY AND HAGEN TIED FOR GOLF TITLE

(By Associated Press)
Newton, Mass., June 11—Walter C. Hagen of the Oakland Hills Club of Detroit, played one of the gamiest rounds of golf ever seen at a National tournament and placed himself in a tie with Mike Brady of Boston for first place. Both were 361. In the morning round Brady had 73 and at the beginning of the last eighteen holes he was leading the field by five strokes. Hagen was in second place. Things broke bad for Brady in the last round and he was 39 to the turn and started with a seven. He managed to score an eighty, while Hagen was out in 36 and in 39 for a 75 which gave him a tie for the first place. They will play it off tomorrow eighteen holes. The first eight to finish were all professionals and Charles Evans who has held the title was tie for ninth place with George Bowden. Outmet was the only other amateur finished in side of twenty and he had 319 for eighteenth place. Evans was 313.

FAREWELL ADDRESS AT N. H. COLLEGE

New Hampshire College, Durham, N. H., June 11—President Hetzel addressed the students here in the last convocation of the year today at the gymnasium. The president congratulated the members of the student body on the excellent spirit shown by them this year at New Hampshire under the trying circumstances produced by the war and the establishment of the Student Army Training Corps. The

president informed them that they would turn next year to a bigger, better and larger New Hampshire; that the college would be stronger in new equipment, new buildings and an increased faculty. President Hetzel was followed in his address by Lieutenant-Colonel Snow of the Coast Artillery who has been detailed here by the war department as commandant of the cadet corps and to establish here a coast artillery unit. This new addition to the military department greatly strengthens the military work here and will give graduates who have taken the coast artillery work opportunity to secure commissions in that branch of the army upon graduation. Besides the commandant, there will be four other members of the military staff supplied by the war department.

PLACE SENATE ON RECORD IN LEAGUE OF NATION

(By Associated Press)
Washington, June 11—After a short period of comparative quiet there is every indication of a renewal of the senate fight on the league of Nations and some heated discussions. This will be over the Knox resolution which will cause a show down. He intended to put the senate on record so that the Conference will see that the treaty is its carried the League of Nations clause, will not be ratified by the Senate.

WILL SMASH ALL RECORDS FOR TROOP SAILING

(By Associated Press)
Paris, June 11—General Pershing has advised the War department that he hopes to send home 375,000 men from France in the month of June. This exceeds all previous figures by many thousands and exceeds any figures that England can show sending or returning troops across the Channel in the same period of time.

STEAMSHIP RAMMED IN MID OCEAN

(By Associated Press)
New York, June 11—The steamship Grass Waldersee, former German liner taken over by the United States, was rammed in midocean according to a wireless received. The U. S. Patricia was standing by and it was hoped to save the steamship. The steamer Redonnie is probably the vessel which rammed the steamer.

CLEMENCEAU WINS HIS POINT FROM COUNCIL

Again hope is expressed in Paris that the reply of the Allied and Associated governments to the German counter proposal to the demands of the peace treaty, will soon be ready and Friday is again spoken of as the day on which the reply will be presented to the Germans.

The commissions who have been studying the various items of the counter proposal, have with a few exceptions reported and the Council of Four have gone over them and have reached a decision on important questions which were thought to be unsettled. Reparation Germany, shall make and the refusal to allow Germany a mandate over her former colonies have been decided upon.

Premier Clemenceau who all along has contended that there should be no lessening of the terms appears to have won his point. Advice from Paris says that the document is virtually unchanged and what few changes made are more for the nature of explaining or clarifying the terms, rather than lessening their severity.

Settlement of the Sicilian question and the matter of the admission of Germany to the league of nations is still under the discussion, with some hopes that Germany may be permitted to take part. In the meanwhile the clauses of the Austrian terms have not been finished and the Austrian Chancellor is making a loud protest against the harsh terms.

President Wilson will so far as he may be able unofficially will try and induce the Conference to look into the Irish question which has been brought to the attention by the activity of the Irish societies in America.

CLAIMS OF BOTH SIDES CONFLICTING

(By Associated Press)
Chicago, June 11—Union leaders declared tonight that despite the statements of the officials of the telegraph companies, that reports from the call for a general strike indicated that the tie-up will be complete in three days.

New York, June 11—Officials of the Western Union and the Postal Telegraph companies renewed their statement this evening that the service was interrupted all over the country, they had not been effected by the men who had gone out. They admit that from fifteen to twenty percent had gone out but reports were that many of the men were returning to work.

NEWSPAPER MAN MISSING FROM PARIS

Paris, June 11—Col. House, one of the United States peace delegates, has been asked to investigate the disappearance of Robert Minor, a newspaper correspondent and cartoonist who was taken from his hotel presumably by French officials.

The American embassy was asked by Lincoln Steffens to inquire about Minor, but no information was forthcoming. Consequently Col. House was requested to investigate.

Minor recently came to France from Germany, and was in Russia for many months preceding last December. He was formerly employed by the New York World and the Philadelphia Public Ledger. His trunk is still in his hotel, but his papers have been removed.

Minor's disappearance followed his attendance of a syndicate railway employees' meeting where he talked with the committee in charge.

FURTHER CUT MADE IN ARMY

(By Associated Press)
Washington, June 11—Further reduction in the size of the standing army is to be made according to the appropriation made for the pay of the soldiers for the next year. It provided for 300,000 instead of 400,000 as provided by the House committee and 500,000 as recommended by the War Department.

Fiume and Dalmatia.

What are the facts about Fiume and Dalmatia, for the sake of which Italy has seemed willing to defy the Allies and wreck the peace settlement?

The city of Fiume proper is predominantly Italian. Its population is officially given as consisting of 15,600 Slavs and 24,200 Italians. It is, as these figures show, a small city. But this census ignores the industrial suburb of Sussak, across a narrow river, as much a part of Fiume as Cambridge is of Boston. It has 10,900 Slavs to 4,500 Italians. Other outlying territory that will naturally go along with Fiume when the boundaries are drawn is so overwhelmingly Slav that the demand for Fiume amounts to a demand for the annexation of 100,000 Slavs to 30,000 Italians. Racially, therefore, the Italian claim is not at all convincing.

The legal claim is no more convincing. Fiume was not promised to Italy even in the secret treaty with Britain, France and Russia of which so much has been made. It was promised to Croatia, which is now a part of the new Yugoslav nation.

The legal claim to Dalmatia is somewhat better, based on this treaty; Italy was promised certain islands and parts of the Dalmatian coast. Her recent demands, however, have been for all Dalmatia, the whole eastern side of the Adriatic, with all the islands, coast and much of the hinterland.

In that area, according to official figures, there are less than 18,000 Italians, and 610,000 Slavs. It is clear enough where the principle of "self-determination of peoples" would leave Italy in this case.

As a matter of fact, the Italian claim to Fiume and Dalmatia has very little to do with the "irredentist" movement for which she entered the war. They are largely an afterthought. She wants Fiume chiefly as a means of controlling the foreign commerce to the northeast of the Adriatic. It would help her in the commercial exploitation of Yugoslavia, Bohemia and Hungary. She wants Dalmatia ostensibly for strategic reasons. Just why Italy feels it necessary to have that defense is not clear. A few naval bases scattered along the coast would apparently give her all the protection she needs. Experts have shown that the Dalmatian coast as a whole would be a source of weakness rather than strength to Italy, because she cannot defend it. And there is no question of the moral right of Yugoslavia—the union of Serbia and other South Slav nations—to this territory, whether racially, commercially or strategically.

Chancellor Day of Syracuse University questions whether "there is a place in Russia today where Bolshevism is more dangerous than right here in the United States." But for some years Chancellor Day's utterances have indicated that he takes his tea very strong.

Reports from different parts of the country indicate that the celebrations of the coming Fourth will be of the safe and sane order, as has been the case for several years past. This proves that at least some of the boasted progress of the times is a reality.

It is announced that seven non-stop trans-Atlantic air flights are being planned, with Atlantic City as the starting or stopping place of each. That famous resort is evidently looking for an especially successful and thrilling season.

The automobile has not killed the love of horse racing, and the card to be offered at Rockingham Park on the Fourth of July by the Rockingham Fair Association will undoubtedly draw a large attendance.

Weather conditions for the last few days have been highly favorable to the recovery of persons who were prostrated by heat. The first half of June has made a record that should be long remembered.

General Pershing has not yet lost his head, literally or figuratively. He emphatically denies the silly report that he is to return to this country by airship.

Defending the Red Flag

(From the Pittsburg Chronicle Tel.)
 This would seem scarcely a propitious time for the "National Civil Liberties Bureau," an organization of professional agitators in New York, to try to arouse opposition to legislation in Congress prohibiting the display of the red flag of socialism. Representative Osborne, of California, has introduced a bill in the House banning the display in any form whatsoever

of the flag of any nation, society, organization, association or organized or unorganized effort which sponsors for the government of the United States principles or theories of government antagonistic to the Constitution and laws of the United States of America, or to the form of government thereof as now constituted. The "National Civil Liberties Bureau" in a circular letter to the press asserts that the words "in any form whatsoever" would prevent railroads from employing the red flag as a danger signal and remarks: "Perhaps some day we may discover that a red light on the rear of an automobile is illegal."

Such arguments provide a pretty good measure of the intellects of those

who are so solicitous for the existence of the red flag but the country has learned through sad experience that the principle is not necessarily harmless. When the red flag is carried in a procession nowadays everybody knows perfectly well what it stands for. It is not generally regarded as the emblem of an innocuous school of philosophy called socialism, but of an organization of dangerous radicals popularly known as the "reds." Those who flaunted the red flag at their St. Louis convention, shortly after our country entered the war, badly declared their purpose of hampering our government in every way possible and thereby assisting Germany. Having in mind what it really means, there is no place in America for the red flag except in its legitimate use as a danger signal. And thus employed, how gratingly significant it is of the evils which the "reds" unscrupulously would bring upon our country!

NO GAS AT WORCESTER

(By Associated Press)

Worcester, June 12.—Worcester is without gas for heating and lighting purposes today as the result of a strike by the Gas Company's employees on Tuesday. The supply of gas in the storage tanks was exhausted at 10 o'clock today and the company officials shut off the valves that permit the supply to flow into the mains that supply the city. Practically every industry that depends on gas for fuel has been forced to suspend operations. Nearly all the hotels and restaurants here are without means of cooking and about 20,000 families that use gas ranges are also without means of cooking. The Gas Company officials say they have a gang of men coming to make water gas but it will be at least 48 hours before they will be ready to supply the city.

PEOPLE'S OPINIONS

The Tag Day at Kittery

Kittery, Maine, June 10, 1919.

Editor of Herald:
 In reply to the letter printed in Saturday's issue signed by "J. H. S." would like to say that it sounds as if the writer had failed to attend the meetings of the committee and had received information from some outside source. It would be for his benefit (and others) to attend the meetings and state their views; they might help the committee in their work.

Saturday, June 14th, is to be Tag Day—don't pass up the tag; purchase one. Before you pass a tag boy or girl, stop—don't think as some folks think: "I can't bother now, will get one later, may be." Friends, do you realize what these boys have gone through? What they have sacrificed? Did they say when they were in the trenches "over there" and when attacked by the Hun, "I can't bother now, will get one later, may be." No, most decidedly not! They were on the alert every moment ready to make the supreme sacrifice if necessary to make our country safe. Just remember, friends, for every lad who went "over there" two remained at home. Some were under government employ, some were not. Some have saved for themselves thousands of dollars during the war, others saved less. Come now, stop and think: those lads deserve something more than a "handshake." I'm glad to see you back. Let's give them one royal reception. Subscribe and buy a tag, attend the meetings, every knock is a boost; let's get together and push it over the top and put Kittery on the map.

Yours sincerely,

J. F. HAYES.

AWARD \$12,500 IN INJURY CASE

Michael Cassidy of Exeter Receives Verdict Against Atlantic Corporation.

Exeter, June 12.—After being out for four hours and a half the jury brought in a verdict for \$12,500 for the plaintiff in the case of Michael H. Cassidy of Exeter vs. the Atlantic Corporation. This was one of the largest verdicts in superior court here for many years. The jury went out at 4 o'clock.

The case, which started on June 2, has been of much interest, as it was to recover for personal injuries received on July 14, 1918, the claim being the plaintiff broke his right leg and arm, and was cut about the head when a steel plate fell on him. It was one of the longest drawn out cases for several years, many witnesses having been heard during the past eight days. The arguments were made yesterday afternoon, Attorney George T. Hughes of Dover arguing for the defense and County Solicitor William H. Sleeper of Exeter for the plaintiff.

The foreman of the jury was George W. Dame of Northwood.

HAMPTON TO ERECT TABLETS FOR SOLDIERS

Hampton, June 12.—Hampton will soon erect bronze tablets in the memory of the soldiers who took part in the recent world's war and also in the other wars of the country. The committee appointed at the last town meeting, consisting of Rev. Edgar Warren, Horace M. Lane and Howell M. Lamprey, have decided to have them 38 inches wide and 64 inches high, there being two tablets. One will contain the names of those who served in the army and navy in the war of the rebellion, 115 in number, and the other those who served in the world's war, about 40 in number. As the list of the second is so much smaller than the other it will contain the names of those who served in the Indian wars, the Colonial wars, the Revolutionary war and the war of 1812, more than 500 in number.

The tax rate for this city previously estimated at \$30 or more, will not be quite as much. Today it was given out as \$27 on the thousand. The increase is caused by the largest advance of state tax in the history of New Hampshire of which Portsmouth is paying \$11,000 as out share of the soldiers' bonus money.

The valuation of property throughout the city has taken a general increase.

Y. M. C. A. SHUT OUT THE P. A. C.

Only Make One Hit But That Was Good
For the Run Necessary to Win—Fast
and Snappy Game.

The Y. M. C. A. defeated the P. A. C. in the Sunset league game on Wednesday evening, the Y. M. C. A. making their one hit sufficient to win the game. It was a pitchers' battle in which Jordan outpitched Elche, by allowing one hit, while the P. A. C. got two, but it was anybody's game from beginning to end. Dow won the game with a three base blow in the fifth, which with an error by Brickett gave the Y. M. C. A. the run.

It was a well played game and the P. A. C. made some fine plays in the

third Jordan stopped a wicked drive of Cole's and fielded it to first and in the fourth Dow drove out a long ball to left which looked good for anything from a base hit to a home run, but Tommy Lynskey made a wonderful jumping catch. The little veteran was playing the game, and he got one of the two hits. Jordan not only pitched a good game, but folded his position in great shape.

It was a quick and snappy game. The P. A. C. were up and Howard was thrown out by Dow. G. Leary drew a pass, but both W. Leary and Hobbs fled to Morrison.

The Y. M. C. A. were out in order, Thomas, Jordan to W. Leary, Thomas was thrown out by Hobbs and Phillips hit to the first base line and Jordan covered the bag for W. Leary.

In the second the P. A. C. got three men on but failed to score, Tilton was

hit by a pitched ball, Lynskey hit to first and went to second and Tilton to third when Cole fumbled his single. Jordan fanned, C. Brickett fanned and Bill Woods was hit by a pitched ball filling the gaps, but Howard's fly was gathered in by Phillips.

The Y. M. C. A. scored their only run in this frame, after Cole had been thrown out by Brickett, Dow connected for three bases, Morrison walked and stole second, Hicks struck out, Nelson hit to Brickett at third who let it get away and Dow scored. Elche fled to W. Woods. One run.

In the third the Ex-Champions were out in order; G. Leary fled to McWilliams, W. Leary was thrown out by Elche, and Hobbs was out Dow to Hicks.

After McWilliams had been retired on a grounder down the first base line, Jordan covering the bag taking W. Leary's throw, Thomas got a pass, Phillips was thrown out by Jordan and Cole advanced on a Jordan which he broke down and fielded to first, it was a great play.

It was the same story in the fourth for the P. A. C. Tilton fled to center, Lynskey struck out and Jordan rolled an easy one to Elche.

Dow opened with a single to left that looked good for a home run, but Lynskey made a fine catch after a hard run; Morrison fanned and Hicks pointed one to Howard.

The P. A. C. made a good attempt to tie the score in the fifth. After Brickett was thrown out by Dow, Bill Woods hit time at Dow which was too hot for him to handle and it went as a hit; Howard fled to Morrison who in throwing to double, Wood at first overthrew and Woods went to second, G. Leary walked; W. Leary hit one through Dow and Woods fled to score from second, but he was caught on Phillips' peg to Dow in time to catch Bill off the base.

PYTHIANS TO HOLD MEMORIAL SERVICES

The annual memorial services of the Knights of Pythians, will be held on Sunday, when the Danion Lodge No. 2, will be joined in observing the event by the members of Constitution Lodge No. 88 of Kittery, Wentworth Lodge No. 22 of Newmarket and Union Lodge No. 61 of North Hampton. The members of Lancelotti company, No. 8, U. H. K. P., will act as escort and it is expected that their ranks will be augmented by Sir Knight from Crescent Company of Dover and Somersworth Company of Somersworth.

The members will meet at Pythian hall at 1:30 o'clock and at 2 o'clock, headed by the Portsmouth City Band, Ralph L. Helyard leader, will march to Harmony Grove cemetery where the Pythian ritualistic service will be held and addresses made by Governor John H. Barrett of this city, Supreme Representative Charles A. Pines of Manchester, Grand Keeper of Records and Seals Charles M. Corson of Dover and others.

The graves of the deceased brothers will be flagged.

The Danion Lodge, lost by death the following members: Frank W. Call ex-Mayor, John J. Lasky, Captain Fred S. Towle, William Swinerton, Ralph C. Gray, H. Fisher, Bridge. The relatives and friends of these departed brothers and the public in general is cordially invited to attend the memorial exercises.

BUILDING AND LOAN ELECT OFFICERS

The annual meeting of the Portsmouth Building and Loan Association was held on Wednesday evening, and the following officers elected:

President—John W. Biny.
Vice-President—Frank M. Bennett.
Secretary—John Pender.
Treasurer—John W. Biny.
Directors—P. M. Bennett, M. J. Griffin, W. J. Carter, C. W. Hammond, J. P. Conner, Fred H. Ward, William L. Condon, Gustave Peyer, J. Howard Grover, F. W. Hartford, John Pender and Freeman R. Garrett.

SO. DAKOTA HOLD FAREWELL BALL

The officers and crew of the U. S. S. South Dakota held their farewell ball at Freeman's hall on Wednesday evening and it was a very enjoyable time. The crew played several hundred invitations and the entire affair was well managed.

The hall was very handsomely decorated under direction of W. A. Nemes and O. C. Ernst and they had liberal use of the ship's flag locker which were used with striking effect. The electrical decorations were also very app.

Strachan Revere Beach orchestra, which played here on Tuesday evening to a great crowd, furnished the music and it was a real dancing treat. They are a great combination and never played better.

The grand march was led by Commander and Mrs. Caldwell followed by Chairman C. G. Wheat and Miss Alice Grant, the officers and ladies and crew, and it was a very pretty sight.

The following ladies were the patronesses: Mrs. E. S. Daniels, Mrs. T. J. Noyes, Mrs. F. E. Potter, Mrs. Albert O. Shaw, Mrs. W. A. Bragdon, Mrs. W. L. Hill, Mrs. H. W. Wyman, Miss Martha S. Kimball, Mrs. T. P. Flanagan, Mrs. E. C. Matthews, Jr., Mrs. Geo. Raynes, Mrs. E. C. Bala-dell, Mrs. Alfred Gowing, Mrs. Wallace D. Walker and Mrs. Lynn.

The following were the officers of the dance: President, C. G. Wheat; Vice-president, J. Mestor; Secretaries, and Treasurers, B. D. Lowe, E. Brown, C. E. Watson and G. C. Ernst; Floor Directors, R. E. Lenahan, C. E. Martin, E. P. Cleary, J. R. Scoemaker; Sergeant-at-arms, S. P. Pierce; Refreshments, W. Horn and A. H. Lotz.

proximately \$1,000,000 is disposed of. Representatives of leather firms from many sections are attending the sale. The stock includes various grades of strap, harness, sole and bag leather and rawhide catfish.

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages.
The wage agreement at the mines continues until April
1, 1920. The Fuel Administration reports that 35 per
cent of the mines cannot make any money at the present
mine prices. In view of this, how can coal be cheap-
er this year?

BIG WELCOME HOME AT WEIRS

Concord, June 12.—A regular meeting of the governor and council on Wednesday and the special allotment of \$10,000 made by the legislature was turned over to the American Legion.

For State Wide Welcome. Whereas, the legislature of 1919, by a joint resolution (chapter 197) appropriated the sum of ten thousand dollars for the purpose of welcoming the soldiers and sailors of New Hampshire who upon their return home from service in the war with Germany; and

Whereas, it seems to the Governor and council that the best, most satisfactory, suitable and appropriate welcome can be given in conjunction with and through the representatives of the New Hampshire branch of the American Legion; therefore,

Be it resolved, that said sum of ten thousand dollars be paid to some authorized official or agent for the use of said New Hampshire branch of the American Legion for the purpose set forth in said joint resolution.

It is unofficially understood that the intention of the American Legion is to spend the \$10,000 on an enormous fete at The Weirs which the veterans of all wars will unite in special honor to the returning troops of the late war. This will be held the last week in August, according to present plans.

Dr. Charles W. Hannaford of Portsmouth was named a member of the chiropody board. A deal of routine business was attended to, including the audit of warrants for weekly payments by the state treasurer.

PROPRIETARY STAMPS MUST BE CANCELLED

Collector Jones of this district of internal revenue warns that the proprietary stamps by means of which the tax on toilet and medicinal articles is collected must be cancelled when the article is sold. Recently there have been received by the Bureau numerous uncanceled stamps taken from taxable articles purchased at drug stores.

Regulations 51, relating to the collection of the tax on toilet and medicinal articles, provide that each stamp affixed to a taxable article must be cancelled in such manner as to prevent its further use. "If possible," the regulations state, "the stamp should be affixed to the outside of the package or container of the taxed commodity so that upon opening the same the stamp will be destroyed. The initial or name of the vendor, together with the date when the stamp was affixed or cancelled, must appear on the cancelled stamp."

This provision, the Bureau states, will be strictly enforced. The penalty for making use of a stamp to denote the tax imposed without cancelling the stamp is a fine of not more than \$100.

RE-EDUCATION COURSES
POPULAR
It is Estimated That Re-Education Courses Will Interest at Least 15,000 Disabled Men.
Washington, June 10.—It is difficult even yet to reckon the extent of the

problem of re-educating the disabled soldier, but from the experience thus far gained the Federal Board for Vocational Education is convinced that the American soldier is more interested in the offered retraining than any foreign soldier has been. Perhaps this is due to the liberality of the provisions made in our country. Judging from the experience of our Allies, about five per cent of any given group of wounded men will be given retraining. That would give 100,000 men to be retrained out of the 200,000 wounded, but the Board estimates an even larger percentage among American soldiers as it anticipates that there will be 15,000 or even 20,000 men who will ask for re-education and placement.

TAMPA WOMEN TO FIGHT VICE

Tampa, Fla., June 12.—Five hundred Tampa women have formed the Woman's Protective League and say they propose to clean up organized vice by direct action—that they propose to undermine its support.

By the establishment of a sort of moral credit bureau this organization proposes to furnish any woman a confidential report on the "double life" of her husband if she wants one. The league does not even need to give her own name in making the inquiry; she may designate a postoffice box address or any place where an agent of the league may deposit the report on its investigation.

Organizers of the bureau say that seventy of their number have pledged to do the investigating work in the past while the remainder will work in the future.

"So many have such old reputations for husbands," said one of the chiefs. "They can't work openly because these husbands won't let them. Therefore they will work secretly." The theory of the league is that if a man has not been walking the straight and narrow path one of the five hundred will know about it or at least can find out.

EXETER

Exeter, June 12.—Daniel D. Webster and family left yesterday for Los Angeles, Cal., where they will make their home. Mr. Webster has been a resident of Exeter for many years and recently has been employed at the Portsmouth navy yard.

James Bell and Abdon Hayes of Exeter and Allen Hayes of East Kingston represented the St. Albans chapter, A. P. and A. M., at the grand lodge meeting, held in Concord Thursday.

The Exeter high school will hold graduating exercises on Thursday of next week, which is a week later than usual, owing to the closing of the schools in the fall term from the influenza epidemic. That of Robinson's seminary will be on June 20, and the annual contest for the Merrill rhetorical prizes on June 18.

Russell Jones of the engineers' company, who served overseas, returned to his home yesterday.

Sammone Lodge, I. O. O. F., last evening entertained its friends at the lodge theatre when there was a varied program. The advance sale of tickets brought large proceeds, which will be used to start a recreation fund.

Irving Clay of Barrington was assigned before Judge John R. Allen in the Rockingham county superior court on an old indictment of larceny of a team, and was given a year's jail sentence, which was suspended on the payment of costs.

Israel Willinger, an Exeter boy who has served overseas, has returned to Camp Devens and will soon be discharged. He left Exeter with the draft quota of Nov. 10, 1917, to fill vacancies at Camp Devens, and is a stepson of Max Cohen.

CELEBRATION NOW ASSURED FOR THE FOURTH

Plans Made at a Big Meeting on Wednesday Evening---Electrical Workers at the yard to do the Work if Given Support

The Fourth of July celebration in honor of the return of the men who took part in the World War, is assured. At a meeting held at the Elks home on Wednesday evening, a general committee was appointed and plans outlined.

The celebration is the idea of the Electrical Workers at the Navy Yard, who have not only given it a boost, but have assured the general committee that they will do all of the work connected with the celebration. If the citizens will take hold and give a helping hand and host it along.

Clifford T. Pike was appointed chairman and P. E. Cornwell treasurer. The general committee consists of Governor J. H. Bartlett, Mayor Albert Hislop, Major P. W. Hartford, President P. A. Holden of the Chamber of Commerce, Thomas P. Flanagan, Judge B. L. Gault, Marshal Michael Hurley, N. A. Deane, P. M. Sise, Dr. S. T. Ladd, J. K. Bates, G. R. Loughton, Calvin Price, S. W. Jones, A. E. Howland, J. W. Henry, H. B. Tilton, Col. H. C. Tilton, H. H. Baker and F. W. Randall.

LINEN SHOWER FOR MISS KAULA

Miss Doris Kaula was given a linen shower on Tuesday evening at the home of Miss Nettle Clark on Highlands avenue, the affair being a most pleasant event.

The time was passed with games and music and Miss Kaula was presented with a choice collection of linen and hand embroidered articles.

A lunch of salad, rolls, olives, assorted cake, ice cream and coffee was served in the dining room and added happy interest to the affair. The table was delightfully set and arranged with cut flowers and bands of yellow ribbon, while at each place was a miniature yellow sunshade of crepe paper and the favors were in tiny dolls dressed as brides.

The party arrangements were in charge of the Misses Corliss Parsons, Mary Flanagan, Natalie Clark and Mrs. G. Melvin Clark and Mrs. John Hasset. It was given in view of the coming marriage of Miss Kaula to Roland Shaw, which will take place in the near future.

JUNE WEDDINGS

The general outline is not to attempt any parade but to hold all of the exercises at the May Grounds. Two bands will be engaged and two large dance floors will be laid down for dancing. In addition there will be sports, baseball etc., community singing and in the evening dancing a band concert, singing and fireworks. Additional features will be worked out later on.

day. The father of the bride is a well known member of the contracting firm of Cashman Brothers, who have been engaged in much work in and about Portsmouth for the past ten years.

Frank C. Keegan of Turner Falls, Mass., and Miss Helen Wadleigh of Hampton Falls, were married on Tuesday at the bride's home, Rev. Walter Nugent of the Central church of Newburyport performing the ceremony. The bride is the youngest daughter of Mrs. Annie L. Wadleigh and the groom is the office manager of the Newburyport Gas and Electric company.

BOAZ-DUTTON

Announcement is made of the recent marriage in New York of Mrs. Alice Clifford Dutton of this city, formerly of York, Me., and Chief Yeoman Raymond H. Boaz of Henderson, Kentucky, U. S. N., who was formerly on duty at the naval prison.

Mr. and Mrs. Boaz have returned from New York, making the trip by automobile.

Mrs. Dutton is the widow of Harold L. Dutton, of this city, who died on Nov. 23, 1918, from wounds received in France while leading his men into battle.

BURGLAR ROBS THE BROWN RESIDENCE. ON MIDDLE ROAD

Gets Away With Jewelry and Money in the Daylight.

The residence of Nelson Brown at 520 Middle road was the scene of more daylight burglary work on Wednesday afternoon between the hours of 2 and 5 o'clock.

The break was similar to others occurring in this city of late. The dining room window was forced with a jimmy and the home ransacked from cellar to attic. Everything in gold and silver was taken, including ladies' gold watch and ring, solid silver forks, spoons, etc., two banks with about \$5 in change.

The thief selected the best and all plated articles were thrown aside and found scattered about the house when the inmates discovered the break about 6 p. m.

The only person seen in the neighborhood during the house the family was away was a man riding a bicycle through some bushes nearby the house, but no attention was paid to his movements by those who saw him.

WORKMEN'S TRAINS TO CONTINUE

The Newburyport workmen's train and Rochester and Portsmouth trains will, according to advices received from Boston and Maine Railroad today, be continued until July 15, provided the employees of the Shattuck, Atlantic and Navy Yard patronize these trains on the return trips. After that date they will be taken off unless a certain fixed sum for daily operation is paid.
